19th September 2023

Dear Parents and Carers

Wednesday 20th September 2023 6.30pm ~ Internet Safety Information Session for Parents

Do you really know what your child is doing on their laptop/tablet/mobile phone? What are they looking at? Who are they chatting to? What are they posting/sharing?

Technology is a valuable resource that is used by children for both social and education purposes. However, there are times when children are exposed to/ involved in activities which cause themselves, other children, families and school hurtful, difficult and problematic issues.

As outlined in the Newsletter, we are hosting an Internet Safety Information Session for parents on Wednesday 20th September at 6.30pm. A representative for Police Scotland will share information that I know parents will find informative, relevant and particularly useful in supporting our children to access technology responsibly.

We look forward to seeing you at this event.

Kind regards

Louise Torrance
Head Teacher
